

<i>Item</i>	<i>Explanation</i>
Newspaper	Highest-scoring Resource Actions in the several-day local newspaper tally/poll
TALLY	Straw votes recorded at JULY, AUGUST Work Group Meetings
Potential Cluster	Groupings developed to indicate potentially-related or synergistic Resource Actions
PDEA Go/No-Go	a: recommended for PDEA analysis
	b: not to be recommended for PDEA analysis
	s: proposed not for PDEA analysis; more appropriate Stettlement Issue
	t: trails-related Resource Action -- separate analysis; compiled into consolidated RA
PDEA List Justification	P: included because reasonable alternative to other/related projects
	Q: included because good information (usually Form) exists, or broad WG support
	U: not included because insufficient Project nexus or outside scope
	V: not included because overriding acquisition requirement, too speculative for PDEA
	W: not included because other WG issue, existing Interim Project, or already planned
	X: not included because not a "project" or other process available (management,
	Y: Redundant (other Resource Action reasonably similar in scope and location)
	Z: Insufficient information or support (usually no Form and/or low Tally)
Resource Action Number	The established numbering sequence used to track Resource Actions
